

March 2018 - Update

The Region 17 Select Stallion Auction (Auction) Committee had decided to put the 2016 Auction on hold as the goal for securing donated breeding's was not met. We were back in action for 2017 and what a great year it was!!

- We had more Stallions to choose from and sold more breeding that EVER BEFORE!!!
 - 57 STALLIONS recruited
 - 34 BREEDINGS sold
 - TOTAL SALES = \$15,854.85 (plus pending mare nominations)

We had no entries for the Yearling Halter from the **2014 Auction** attend the show in 2017. Therefore the full \$2441.25 that was allotted for halter futurities, will now roll over into the performance futurity classes for that Auction year's foals – classes being held in 2020 – for a total of \$4882.50 payout in the performance classes.

In 2017 we saw our **BEST EVER** turnout for the 4 year old performance classes at the 2017 show in Calgary. We paid out **\$10,722.58**. Congratulations to all the owners and breeders – we hope you spent your money foolishly – on more horses – or breeding's ☺ **We certainly LOVED handing everyone those BIG cheques!!!**

2018 - Region 17 Select Stallion Service Auction - REQUIREMENTS

Nomination Requirements

To nominate a stallion to the 2018 Region 17 Select Stallion Service Auction, the following must be provided by **May 1, 2018**

1. A completed **Stallion Nomination Form**, signed by the Stallion Owner
2. A copy of the **Breeding Contract** for the donated breeding
3. Minimum three **(3) Photos** of the stallion, at least 1 suitable for printing (high resolution jpeg file)
4. If available, a **video link and pedigree link**.

Stallion Requirements

1. The Stallion Owner will donate one (1) breeding to each stallion to the Region 17 Select Stallion Service Auction. The Minimum Bid accepted by the Auction for the breeding will be **25% or 50%** of the stud fee as specified by the Stallion Owner. The Owner may reduce the Minimum Bid at any time until December 31st to encourage the purchase of the donated breeding.
2. The Stallion Owner will be given one free (1) Futurity Entry for the breeding they donate to their stallion when the breeding is sold. This means the Stallion Owner can enter a foal into the futurity that must be the resulting offspring of the same stallion nominated to the auction and must result from the same breeding year the auction breeding was intended for. The Mare must also be nominated and the mare nomination fee paid by the end of the breeding year for the resultant foal to be eligible for the futurity.
3. Stallion services not sold at the Auction will be available for purchase until **February 28, 2019**.
4. If a stallion service has not sold, the Stallion Owner will not receive a Futurity Entry. If the Stallion Owner wishes to buy back the breeding for the **Minimum Bid at any time before February 28, 2019**, the Stallion Owner will be able to enter **(2)** offspring in the Futurity. The Stallion Owner will be notified in January and again in March if their donated breeding has not sold.
5. If the stallion is sold or leased prior to the conclusion of the prescribed breeding season, the Stallion Owner will be responsible to the purchaser to insure that the breeding purchased through the Region 17 Select Stallion Service Auction will be honoured by the new owner or lessee.
6. If the stallion dies or is severely injured or is otherwise declared unfit for service, the breeding payment will be refunded to the stallion owner shall notify the Futurity Committee, and the purchaser of the breeding will be refunded, without interest, unless there is frozen semen available.

Note: *Owners of stallions standing in USA should discuss the procedures for shipping semen to Canada with their veterinarian and make this clear in their breeding contracts.*
